

Hi, my name is _____ and I am your constituent.

I live in _____ want to tell you about _____ who has a disability. They rely on Medicaid to make sure they can live in the community and not in an institution.

I need to talk to you about the changes to Medicaid that both houses of Congress are working on. I know a bill passed in the House of Representatives in May and is right now being discussed in the Senate.

I need _____ and his/her Health Staff Person to know that Medicaid is very important to me. Medicaid provides them with _____

I don't know what we would do if their Medicaid was cut or reduced in any way. I am very concerned they might be forced into an institutional setting to receive the care they need since any cuts to Medicaid would make it very hard to receive care in the community.

I am a very concerned that Per Capita Caps, which would limit funding to states, will mean that they won't be able to live in the community because their Medicaid will be cut or reduced.

Please tell _____ to protect Medicaid. Medicaid is the lifeline of New Jerseyans with disabilities living in the community.

Thank you,
